EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- Page 11, Line 15: Please switch the two words "is it" to read --it is--.
- Page 17, Line 2: Please change "Figure 1" to --Figure 4--.

2. Claims 1-27 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Several prior art trailer hitch systems use reflective objects in their operation; however, all use them on the opposite vehicle to be hitched to. None use a reflective member such as a mirror to produce the beam of light. Furthermore, no piece of prior art created a virtual tow point and maintained the point in a horizontal fashion. The trailer-marking device taught by **Massie** [U.S. 5,596,944] includes an elongated element pivotally attached to a mounting means that senses the depth of water. However, this is not used to align the vehicle with the trailer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Tomecek et al [U.S. 3,981,544] provides control for brakes in a trailer vehicle.

Koerner [U.S. 4,325,052] controls trailer taillights in response to a vehicle's taillights.

Phillips, Jr. et al. [U.S. 5,951,035] uses a photoelectric sensor for detecting vertical alignment of a trailer tongue.

Thibodeaux [U.S. 6,178,650] provides a visual and audible indication of the position of a trailer ball.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John A. Tweel, Jr. whose telephone number is 571 272 2969. The examiner can normally be reached on M-F 10-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jeff Hofsass can be reached on 571 272 2981. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
